Exactly right -- and Antifa needs to be designated as a radical terrorist group -- hopefully before they get someone killed.

they're hoping? so they can pull in the second amendment issue--the MSM have the reports written already and waiting like they did with the protest speeches before the SCOTUS candidate was announced

Gavin is a Canadian. He was targeted because he took on one of the protesters at an inaugural party. Punched him a few times and the protester was rightfully arrested. Canadians would drive half way across their own country to fight an antifa idiot. Lauren Sothetn (also at the Rebel) put out a video expressing her Canadian puzzlement about why people don't fight the antifa. She's concerned that they will start killing soon.

WHEN??? And who will deliver it? Certainly not the police.

These are pure animals. They assault women and the elderly because they won't fight back. When they do go after able-bodied men, it is in packs because they are too cowardly to fight like men.

They destroy the personal property of those who have worked hard all their lives to get ahead and these filthy animals have never worked for anything in their venal lives and know only how to destroy.

It's long past time for them to get what they deserve.

Time to play by their rules--and give them what they deserve.

Obama started it.

The media fueled it.

If law enforcement won't protect the law abiding, time for Americans to take things into their own hands and put an end to it.

I believe it is time for the patriots to plan a little Marine Corps tactical exercise. Plan and organize a counter-offensive that is prepared to engage from all entry and exit points when the antifa brigade shows its ass and annihilate the opposition with baseball bats, rocks, fireworks and with loud sounds of explosions and gunshot blaring on loud speakers. Confused, dazed and totally uncoordinated, the cluster F become prime targets for just retribution. I believe it would only need to happen once and we would see a dramatic shift in the thugs' demeanor. Oooo-Boooh!

in the drugs department. 0000-Raaa!!:

A few of these scumbags need to die and it needs to be bloody. Nothing will scare these snowflakes more than a bloody body so messed up that they are not recognizable. Fear is what is needed against these rioting scum.
