On Saturday, April 15, as Kim Jong Un cowered in fear next to the US Navy,	
bands of neo-Marxists fled in terror as the Trump supporters they came to silence beat them back. $ \\$	
(LANGUAGE WARNING)	

The event was called **Patriots Day** (https://www.therebel.media /why_i_m_going_to_the_patriots_day_rally_in_berkeley_bonus_lauren_southern_cameo)and featured Lauren Southern, **Based Stickman**, (https://www.therebel.media /gavin_mcinnes_and_based_stick_man_talk_soros_antifa) Latinas for Trump, Baked Alaska and many others.

A group of fascists named "Antifa" vowed to shut it down and surrounded the event after police had disarmed everyone inside.

Instead of giving up, however, the talk went as planned and afterwards, patriots from all over the political spectrum **beat back the terrorists.** (https://www.therebel.media/fighting_anti_fascist_protesters_is_fun)

This victory isn't just a small win if a random battle. This is a major shift in the culture.

After burning down Milo's talk in February

(https://www.therebel.media

/berkeley_vs_milo_that_s_not_a_protest_that_s_a_riot) the rest of the world started to wonder if these revolutionaries were not just saboteurs. Thus, a counter movement was born.

With no other goal than providing citizens the right to speak their mind, this weekend marks the day the people stole freedom back from the "trust fund commies."
